### **From the Principal's Office – 10/29/2021**

It is hard to believe but today is the end of the 1st Quarter!!! The Lord has blessed us with a great first 44 days and we ask for His blessings on our second quarter. The report cards that you are used to seeing will be different this quarter. With the switch to Gradelink came a new template for report cards.

Report cards can be a nervous time for some. Students want to see how they did. Parents want to see how their child is performing. Teachers want to see areas of strength and not-as-much strength in their room.

When I was teaching more and handed out report cards to students, I always said something like this.

“Whatever your grades are- it doesn't matter. If you truly did your best and used all the gifts God gave you, then you should be proud that you honored God by doing your best. If you know there are times you could have done better, then be proud that God has shown you ways to use your gifts better.”

I am proud of all of the CoL students for everything they have done this first quarter. May God bless us with a fantastic second quarter. To Him be the glory!
