# Classroom Management Plan

1. Verbal warning
2. Redirecting student (go to a different location or try a different task) and name on the board (visual warning)
3. Check after name means 3<sup>rd</sup> infraction that day. Consequence could be running 3 laps at beginning of recess if student has extra classroom energy to burn and/or missing 5 mins of recess time to think.
4. Teacher sends home a Behavior Reflection Form: written by your child, **must be returned the next day signed by parents** or your student starts the day with name on the board.
5. Principal involvement

**\*\*WOW board, a pom jar encourage and reward kids too!**
